PROFESSIONAL SUMMARY

Motivated and detail oriented undergraduate student with a solid background in mathematics, computer science, and physics. Skilled in problem-solving, analytical thinking, and teamwork. Proven ability to manage academic and project responsibilities effectively. Eager to apply technical and analytical skills in real world business, technology, or research settings while continuing to grow professionally. I'm eager to gain hands-on experience through internships, research projects, or collaborations that will help me grow professionally and contribute meaningfully to the field. Always open to learning and connecting with like-minded professionals and mentor.
